LINDEMAN *Buck*
BRUSH RAKE

for FORD - FERGUSON TRACTOR

SAVE TIME — SAVE LABOR — SAVE MONEY

Clean your orchards the modern way

One man quickly sweeps windrowed limbs and trash from your orchard and piles it for burning with the Lindeman Brush Buck Rake on the Ford-Ferguson Tractor.

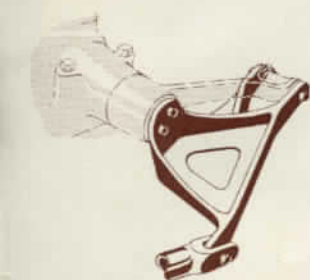

LINDEMAN POWER EQUIPMENT CO.

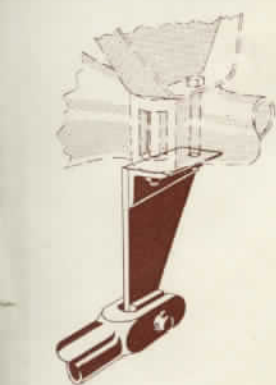

Yakima, Washington

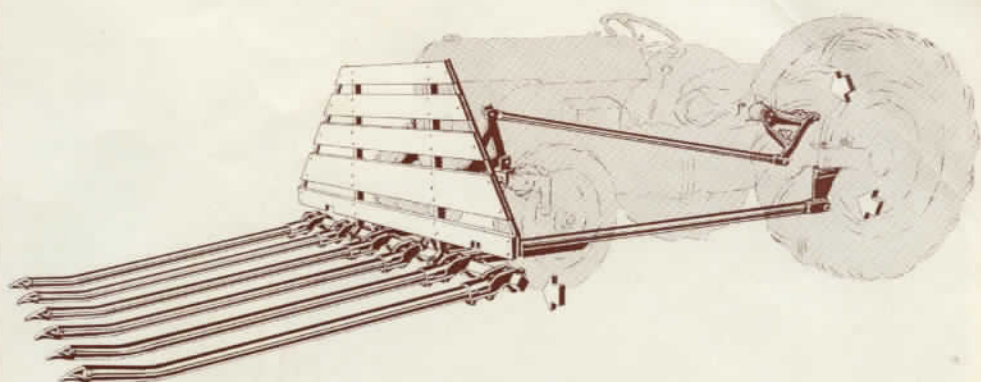

Rake Teeth
Adjustable Laterally

Ferguson Hydraulic
Power is used

Rake is pushed
from rear axle

- Practical design and sturdy construction adapts this rugged implement for tough work.
- Simple quick adjustments regulate working angle of teeth to the ground.
- Raising, lowering, steering, carrying and unloading operations are controlled by operator on tractor.
- The Brush Buck Rake is integrally attached to Ferguson Hydraulic System on Tractor.
